

YOUNG EXPLORERS CLUB

Electronic Press Kit

The Young Explorers Club is an exclusive club where members get the opportunity to engage and take part in outdoor activities and learn from experts in their fields.

The program is designed to give young people the opportunity to develop their passion for adventure the environment and exploration and to teach young people to be change agents for the health of the planet's ecosystems as well as their own health and well-being. This unique and exciting Program has been created by Martin Horn built upon the legacy of the Pangaea Young Explorers Program under the patronage of Mike Horn.

Project-based learning activities encourage respect for self and others, environmental stewardship, and the development of leadership skills. This one-of-a-kind program is open to English and French-speaking (intermediate level proficiency in English is required) youths ages 11-16.
